

Runway Safety - Incursions and Why Dangerous Ones Happen

Current Pilot and ATC Challenges - Landing on the wrong Runway/Taxiway will Ruin Your Day. Avoid getting requested to call the tower, or worse: an accident. Taking some time to review the currently used Airport Taxiway and Runway Signs and Markings, as well as the Required Communications and your Pilot Responsibilities might be a good idea. Plus, the detailed reasons VNY Incursions have occurred. Seminar length: 2 hours.

Directions: Drive to the building & parking lot by using the entrance for Whiteman Airport located on Osborne St. just east of San Fernando Road in Pacoima. Plenty of free parking.
